ATTRACT Phase 2 Kick-off meeting
ATTRACT Project Administrative Office
**February 1st 2021**

This is a preliminary heads up before the workshop planned for launching officially the ATTRACT Phase 2 Call in May 2021.

More details will be offered during that workshop.

ATTRACT Phase 2 Call: Timeline

February 2021	M2	M3	May 2021	M5	M6	August 2021	M8	M9	M10	M11	M12

Submission Period

Evaluation Period

ATTRACT Phase 2 Kick-off meeting

ATTRACT Phase 2 Call Official Launching

Calls Deadline

Funding Notification

January 2022	M2	M3	M4...etc

Maximum time for signing the Third Party Project Agreements

Latest time a funded project can start
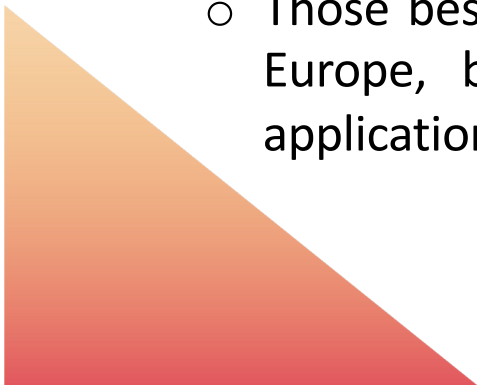

Projects Duration: 26 Months

ATTRACT Phase 2 Call

The ATTRACT Consortium will comply with the EC requirements expressed in the call text for the ATTRACT Phase 2 project.
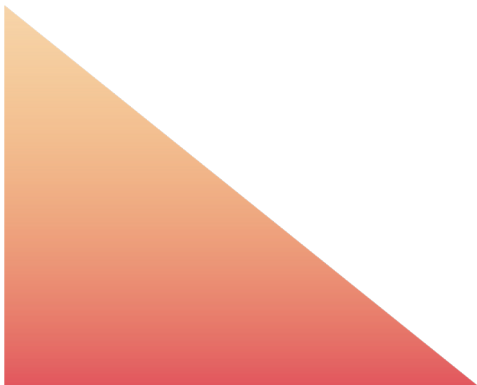

Thus, the ATTRACT Phase 2 open call will be:

- o Leveraging on the most promising outcomes of Phase 1 to further support their development and substantially raise their TRL.

- o Those best opportunities should demonstrate breakthrough potential across Europe, be feasible and scalable, as well as exploitable for industrial applications having societal value.

ATTRACT Phase 2 Call

The ATTRACT Independent R&D&I Committee will identify the most promising **thematic technological opportunities** leveraging on the most excellent projects of Phase 1.
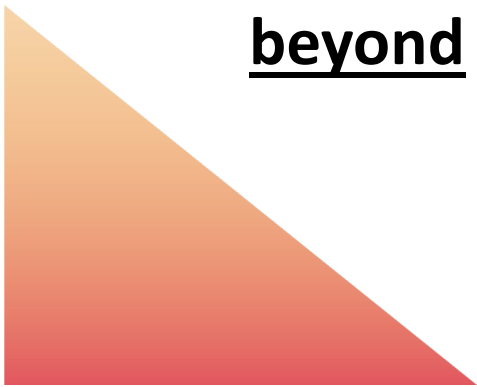

The ATTRACT Phase 2 open call will be launched around **thematically** and **specifically defined** technology domains.

ATTRACT Phase 2 Call

The open call will emphasize in:

- o Encouraging collaborations and synergies among the Phase 1 projects.

- o Development and **demonstration** of **integrated systems beyond** the application in the domain of Research.

ATTRACT Phase 2 Call: Minimum TRL 6 to 7 expected at the end of your project

TRL 6 → technology demonstrated in relevant environment (industrially relevant environment in the case of key enabling technologies).
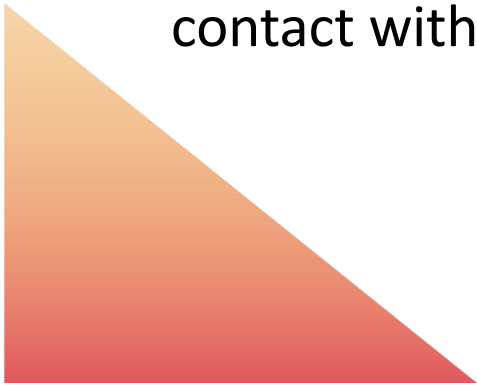

TRL 7 → system prototype demonstration in operational environment.

https://ec.europa.eu/research/participants/data/ref/h2020/wp/2014_2015/annexes/h2020-wp1415-annex-g-trl_en.pdf

**Some tips for your preparation before the launching of the open call**

- Who could be interested in demonstrating my technology?

- Are they in any project of Phase 1? Are they somewhere else?

- If they are in any Phase 1 project…how we could collaborate?

- If they are outside the Phase 1 project ecosystem…how could I get in contact with them?

A note on collaboration with interdisciplinary student teams

- As you might know, during ATTRACT Phase 1, the ATTRACT Consortium requested volunteering projects for collaborating with student teams coming from Business and Design specially.

https://attract-eu.com/showroom/student-projects/

- The philosophy of this collaboration is that your project encourages these student teams so they ideate and prototype innovation for Social purposes **inspired** upon what your technology can do.

- During ATTRACT Phase 2, this collaboration will be compulsory. Your project will need nominating a liaison person to the student teams and their mentors.

Thanks and Questions
